

Arabia Mountain Heritage Area Management Plan
Community Meeting #2

In order to ensure that the Arabia Heritage Area Management Plan Concepts address the environmental concerns of the area, please review the following list of issues that were provided to us by the attendees at the last community meeting. Please include any *additional* environmental concerns you may have and return to us before leaving this evening. Thank you!

What are the major environmental issues in the area?

- Traffic congestion
- Development in the area (commercial and residential)
- Trash/ Litter
- Poor water quality
- Noise pollution
- Air pollution
- Adequate public safety
- Elimination of wildlife/ habitats
- Erosion
- Parking issues
- Damage to nature trails from overuse
- Damage to cemeteries from neglect

Any Others?
