FOR IMMEDIATE RELEASE

Arabia Mountain NHA Receives 2014 Active Trails Grant from the National Park Foundation – Declares June “Try the Trail”

Lithonia, GA (June 2014) – The Arabia Mountain National Heritage Area (AMNHA) is one of 37 national parks selected to receive a 2014 [Active Trails](#) grant from the [National Park Foundation](#), the official charity of America’s national parks. Now in its sixth year, the Active Trails program supports healthy living by getting people out and active in national parks through projects that help restore, protect, and/or create land and water trails across the country. These projects include hands-on learning, hiking, kayaking, snowshoeing, volunteering, and more.

“Through the Active Trails program, people across the country are connecting with their national parks, discovering more ways to lead active and healthy lives, and giving back to the places they love,” said Neil Mulholland, President and CEO of the National Park Foundation. “These grants are critical to helping with ongoing efforts to maintain and enhance the 17,000 miles of land and water trails across the National Park System.”

The AMNHA is proud to celebrate the completion of over 30 miles of dedicated hike-bike trails with an Active Trails grant. “We have declared June “Try the Trail” month along the **Arabia Mountain PATH** system,” said AMNHA Executive Director Mera Cardenas. “This is a wonderful time of year to explore the trail. Even if you have been here before, there are new sections just completed and discovery awaits around every twist and turn.”

In addition to a community celebration on **June 14**, “Try the Trail” has led to the development of several new programs in the AMNHA including: expansion of [geocaching](#) – a high-tech scavenger hunt – a new tour map found at this [link](http://arabiaalliance.org/uncategorized/self-guided-bike-tour/) (<http://arabiaalliance.org/uncategorized/self-guided-bike-tour/>) and free exploration opportunities such as organized bike rides, free bike rentals and geocaching classes. A full listing of “Try the Trail” events can be found [here](http://arabiaalliance.org/news/trythetrail/) (<http://arabiaalliance.org/news/trythetrail/>).

The 30+ mile Arabia Mountain PATH was constructed over the past 12 years by the [PATH Foundation](#) with a variety of public and private partners including: Georgia State Parks, the City of Lithonia, DeKalb County, Rockdale County, the Georgia Department of Transportation and the Monastery of the Holy Spirit.

Since 2008, the National Park Foundation has granted nearly \$2.4 million through its Active Trails program. To date, Active Trails has engaged more than 5,900 volunteers and 327 project partners who combined have contributed more than 30,000 hours to help promote, refurbish or build national park trails that were ultimately enjoyed by 331,000 visitors.

“The National Park Foundation’s Active Trails program provides vital funding that supports our national parks as centers of healthy outdoor activity for families and communities across the nation,” said National Park Service Director Jonathan B. Jarvis. “The land and water trails maintained by the National Park Service invite visitors to explore natural and cultural beauty, and these grants will expand these great opportunities to even more visitors.”

The National Park Foundation wishes to thank [The Coca-Cola Company](#), [The Coca-Cola Foundation](#), [Disney](#), the Scrooby Foundation, and [Subaru](#) for their generous support of the Active Trails program.
